

GREAT OCEAN ROAD

LONG WEEKEND

3 Day/2 Night guided lodge
based walk along Victoria's
spectacular Great Ocean Walk.

Welcome to the Great Ocean Road Long Weekend

Escape from the hustle and bustle of the city and join us for three-days of unwinding on the coastal trails of the Great Ocean Road and the Great Otways National Park. With shorter walk days, you'll have more time to relax in our private eco-lodge. Disconnect from the outside world and reconnect with nature. Indulge your senses with private footspas and long table dinners awash with fresh seafood and local produce, wines and beer.

Your three-day guided walk covers 30 kilometres of stunning Victorian coastline. Prepare for untouched beaches and towering Eucalypts. Spot koalas and learn about local flora and fauna and history of the Great Otway's from our expert guides.

Here, you'll find everything you need to prepare and get excited about your adventure, all in one document. From pick up times to gear lists, daily distances to accommodation details, this is your Great Ocean Long Weekend go-to guide

Acknowledgement to traditional owners

In recognition of the deep history and culture of this land, we acknowledge and pay respects to all Australian Aboriginal people, the past and present custodians of the Land. We are privileged to learn from them in the way we care for and share Australia's diverse nature and culture, and we strive to walk humbly in the footsteps of those who have walked these paths before us.

GREAT OCEAN ROAD

Why walk with us?

We are proudly Australian and have been walking for over 30 years. We offer true Australian hospitality. Our hosts design your meals, our guides connect you, our accommodation comforts and shelters you. Our history and reputation will be with you every step of the way.

The Australian Walking Company was born in September 2017 when the Tasmanian Company journeyed to mainland Australia to undertake its first adventure, The Twelve Apostles. A longstanding brand, Tasmanian Walking Company has been a leader in guided bushwalking since 1985, after winning an expression of interest to build the first lodge-based walk in Cradle Mountain/Lake St Clair National Park.

Since then, we have expanded our portfolio to guide guests into some of the very best walking tracks in the world. Throughout Twelve Apostles, Kangaroo Island and the Larapinta Trail, we deliver unique experiences to our guests, encapsulating what it means to be 'Truly Australian' every step of the way. We offer our guests the chance to build incomparable memories by complementing the pristine natural environment with local produce, world-class guides, local knowledge, lightweight packs and the comfort of knowing that we have you covered -- you don't need to worry about a thing!

All of our walks are built with guest experience and sustainability as top of mind. Our guides are our best assets. They are highly trained and there with you every step of the way, seamlessly bringing together all elements of a great walking experience to make your time with us unforgettable. Our accommodation has been architecturally designed with a commitment to sit gently on the natural environment, whilst maximising natural assets and protecting wildlife.

Our vision is to inspire people to connect with and conserve the natural environment and culture of the Australian wilderness for generations to come. We are committed to making a real difference with sustainable tourism at the heart of what we do.

We want to provide you with an outstanding opportunity to step out of everyday life into nature and be revitalised. To experience a fresh, profound perspective of humanity, the environment and the possibilities they embody.

Let us take care of everything, as we take you on an adventure of a lifetime.

Cape Otway to Blanket Bay

On the morning of departure, we meet at Mecure, Southbank (9 Riverside Quay, Southbank VIC 3000) at 7.30am. Here, your guide will introduce you to fellow walkers before hitting the road and heading to Blanket Bay. Be dressed and ready to walk, with your backpack fully packed for the days' walk ahead.

Upon arrival at Blanket Bay, we start the first section of the walk, traversing a beautifully scenic section of the Great Ocean Walk that follows along the coast of Great Otway National Park. Beautiful ocean views from cliff tops and sandy beaches and inlets are frequent along this stretch of coast, along with koalas, kangaroos, and echidnas all scattering about along the trail. The Cape Otway Lighthouse makes for a great end to the walk, where our guides share knowledge about the naval history of the area.

From the lighthouse, we transfer you to our private lodge in Johanna. Here, you'll receive a warm and bubbly welcome with a glass of local sparkling wine, followed by a spectacular long table dinner and fresh Apollo Bay seafood to celebrate your first day of walking.

Moonlight Head to Wreck Beach

Waking up in wilderness surrounds, we start the day with a seasonal breakfast sourced from the fresh and local ingredients.

It's a 30 minute transfer to Moonlight Head. The first four and a half kilometres gently meander through native stringybark forest providing a contrast to the coast, concluding with a rise to the Gables, one of mainland Australia's highest cliff top lookouts. Tide dependent, you will descend onto Wreck Beach and explore the historic shipwreck ruins before continuing through to Devil's Kitchen for lunch and onto the historic Fiji shipwreck memorial. Wilder days will give an insight into the cauldron-like ocean at this part of the coast.

After lunch we follow the Devil's Kitchen Track through fern gullies and over a ridge populated with grass trees to Wreck Beach carpark. On our way back to the lodge we divert for a short walk around Melba Gully, an enchanting rainforest gully with towering Mountain Ash and Beech Myrtle with an understory of tree ferns and waterfalls. We'll then transfer you back to the lodge for a well-deserved foot bath, canapes and one last long table dinner.

Princetown to the Twelve Apostles

Enjoy your last morning at the lodge. After another wholesome breakfast, there's a final pack up, check out and lodge farewell before a 45 minute drive to Princetown.

As you walk, the Twelve Apostles begin to appear. These incredible natural wonders emerge on slow reveal as the trail rises and falls along the coastline. We spend time at a viewing lookout exclusively for walkers before our final stretch of trail into the Twelve Apostles Visitors Centre. You've made it!

We'll then move on to the nearby town of Timboon where we visit our dairy supplier, Schulz Organic Dairy for lunch before returning to Melbourne. We offer a drop off to the airport and Melbourne CBD after your walk.

- 🌿 Spare batteries or USB power cord for camera.

Optional Items

- 🌿 Small mirror (especially if you wear contact lenses)

Tip: Layering

Layering of clothing has long been the basis for dressing in the outdoors and the gear list above follows this principle. When the temperature drops, we add another layer of insulation; if it rains, we add a rain shell on top and when it's warm and dry, we strip off a layer.

- * To ensure sufficient space, we would kindly request that you avoid excessive baggage. – refer to Frequently Asked Questions below.
- * Please note that guides will do a thorough gear check prior to departure. If you are unsure about anything on the gear list, please call us or talk to your local outdoor adventure store.

Frequently Asked Questions

How often do trips depart?

Our trips depart weekly from September to May. We have less frequent departures from June to August. Please refer to our booking calendar for dates.

Where does the trip commence/ conclude?

We ask that guests arrive at the Mercure Southbank (9 Riverside Quay, Southbank) at 7:30am for a walker briefing before starting the venture to the Great Ocean Road. We will arrive back in Melbourne with Tullamarine airport drop-off's at around 5.00pm before returning to Mercure Southbank at approximately 6:00pm. We recommend you book flights with plenty of time to spare as our drive may take longer due to traffic.

How many guests will be on my trip?

Each trip requires a minimum of 4 and a maximum of 10 guests. All accommodation is twin share. If you book on as a single walker or in an odd-numbered group and the trip fills to capacity, you will share a room with another walker of the same gender.

Can I bring a suitcase with me?

We recommend a small suitcase or wheeled soft bag of no more than 20kg. Being a lodge-based walk, you only carry a daypack each day and the rest of your luggage stays safely in your room. We have limited luggage space in our vehicles.

Can I bring my own walking gear if I have it?

Absolutely. If you have a favourite pack, Gortex jacket, etc, you are more than welcome to bring your own.

What is the accommodation like?

Twelve Apostles Lodge is an environmentally sustainable, award-winning lodge – your hiking home base. This modern architecturally designed eco-development incorporates many best practices: self sufficient water supply, on site waste water treatment, low consumption electric and water fittings and hydronic heating. That said we aren't a boot camp! With footbaths available for use, gear drying rooms, large communal spaces and even a lodge library, you will not be short of creature comforts.

The bedrooms can be configured as king or twin share and all have access to a private en-suite bathroom with flushing toilet and rainwater shower.

How fit do I need to be?

Our walks can be challenging at times, but easy enough to be within most people's ability. We recommend that you be in good health and be moderately fit to undertake the trip. As each trip has two guides, we can split the group according to ability if necessary, challenging the fit walkers without pressuring walkers who prefer a more leisurely pace. If you are wondering if these walks are within your ability, or perhaps if they are challenging enough for you, please contact us. We would love to have a chat.

What do we carry?

We return to the lodge every night so all you need to carry is a daypack, containing a drink bottle, lunch, rain jacket and a camera. The guides carry the rest!

Do we need travel insurance?

We strongly recommend travel insurance. Consideration needs to be given to our cancellation policy, injury, evacuation, delayed flights, illness, etc. Please see our [Booking Terms & Conditions](#) for details and contact us if you have any questions.

What style of shoes should we have?

Please refer to our [footwear guide](#) for specific shoe recommendations for this walk.

Will I have mobile coverage and WiFi?

Twelve Apostles Lodge has mobile coverage with free WiFi.

Are there power points to recharge batteries?

Yes, there are communal charging stations around the lodge for your electronic devices.

Are there age restrictions?

The minimum age for guests walking with us is 12 years old. There are no upper age restrictions, however, for guests walking with us who are 69 or above we do require a GP to sign off on a letter we provide.

How many guides are there?

Every trip has two experienced guides and one lodge host. This allows our guests plenty of opportunities to rest, take photos and walk at your own pace.

Accommodation suggestions pre and post walk?

When staying in Melbourne we recommend staying at the Mercure Southbank, 9 Riverside Quay, Southbank, which is the pick up and drop off point for your trip,

Fitness Training

Multi-day bushwalking/trekking/tramping/hiking is a unique physical activity as it involves endurance, joint stabilisation and strength. Being physically prepared ensures that your experience will be enjoyable. We recommend that you undertake some hiking-specific training in the lead-up, ideally starting 6 months in advance to allow your body time to become conditioned.

Hiking-training is more than just regular walking; your body needs to be prepared for not only the duration of the trek, but also the uneven terrain, undulating hills, pack weight and slippery surfaces. Adequate training months before the trek begins will ensure you are skipping around the hut at the end of the day with a smile on your dial.

3-6 months before your walk

If you have limited experience with long-distance treks, ideally you will get started with your training as soon as possible. We recommend starting with a more moderate training program, and gradually increasing the length/difficulty/duration of your walks.

Ideas:

- ✦ Try parking your car further from work and walking to/from, then every second day increase the distance you park your car from work
- ✦ Getting off your bus a stop earlier and walk the extra distance to work
- ✦ Short bush walks or coastal strolls on the weekend
- ✦ Encourage a friend or family member to walk with you to increase motivation
- ✦ Record distance and duration each day that you walk. Aim to increase either distance or duration each week

5 months before your walk

As you become conditioned and can comfortably walk for 30mins to 1hr every second day (3-4 days per week), it is time to start challenging your cardiovascular endurance by adding hills and stair climbs to your weekly routine. Try to find routes that allow you to walk on uneven ground, as this will help strengthen the muscles of your lower limbs. Start by walking at a relaxed speed up the slope or stairs for the first two sessions (record the time it takes you). Focus these sessions on relaxed breathing and your technique (standing up straight, engaging your bottom muscles as you push through your heels when ascending stairs). Each session following try to increase your pace (decreasing your recorded time).

If you haven't already, start "breaking in" your hiking boots to prevent blisters and determine whether your boots are the right fit and feel. If your boots are more than 10 years old there is a good chance the glue will have deteriorated and they will fall apart. It's better to find this out on your training walk than in the middle of the wilderness!

Stability is essential for injury prevention when hiking, especially when carrying a backpack. This includes stability around your spine and pelvis and your more distal joints such as knees and ankles. Therefore balance, yoga and/or pilates based exercises should be added to your training.

Ideas:

- ✦ Single leg balances, keeping a micro bend in your knee
 - ✦ Advance single leg balance by standing on a rolled towel, foam mat or pillow
 - ✦ Barefoot beach walking on soft sand for ankle stability
 - ✦ Pilates based abdominal exercises (various depending on starting level)
-

4 months before your walk

On your walk you will be carrying a pack, so we strongly recommend that you start wearing a backpack on your training walks. Start with a lighter backpack (~3kgs) and gradually increase the weight of your pack till 100% of the weight you will carry as noted in the Gear List.

Ideas:

- ✦ Start to add a longer walk ~2hours at least once a week; this includes wearing hiking boots and carrying a pack
- ✦ Soft sand walking
- ✦ Walking on dry riverbeds
- ✦ Alternating training walks with selected focuses e.g. Mon= hills, Wed= intervals of increased pace, Fri=distance

No doubt you are starting to discover new muscles and feeling a little tight and stiff. Adding a gentle stretching program (after you have warmed up) will aid in injury prevention. Aim to stretch major muscle groups such as hamstrings, quadriceps, buttocks and calf muscles. A gentle stretch of the muscles should be felt and pain should never be produced. Hold each stretch for at least 30 seconds and avoid bouncing movements.

3 months before your walk

Map out a 7km hike in your area consisting of average hills and flat surfaces. Time how long it takes you to walk this distance (wearing hiking boots and backpack). Complete this hike once per week in conjunction with your other walking. Each week, add an extra km to your hike. By the end of the month the goal is to walk 10km comfortably. This hike is a good chance to practice with all the gear that you intend to take on your actual hike. This will enable you to work out where things are best located in/on your pack for your individual preference. Now is also good time to add in more strength based exercises.

Ideas:

- 🌿 Squats (feet are hip width apart, body weight in your heels). Advance by added weights in each hand or increasing repetitions
- 🌿 Lunges (alternating legs in front, protect your knees by making sure front knee does not come further forward than your ankle, keep torso up straight). Advance by increasing repetitions, adding weights in hands or walking lunges

2 months before your walk

The trekking tour is getting closer and now you are comfortable walking on different surfaces at different intensities. On the actual hike, you may be required to walk long distances on consecutive days in all weather conditions. Aim to walk 30mins-1 hour every day of the week, despite the weather (in addition to your weekly 7km hike).

Continue carrying your backpack that you will actually need to carry on the walk. Ideally by the end of this month you will be able to comfortably carry up to 100% of the required weight on all your training walks.

1 month to go!

This is your "tapering" month, we recommend reducing the intensity of your training in this last month to avoid a burnout. The idea is to keep walking regularly, but decrease your intensity e.g. slower pace, one stair at a time rather than two, decrease your pack weight back to what you will carry on the trek. The last thing you want to do is get an injury just before your walk.

Remember to continue your strengthening and stretching exercises throughout your hike.
